Due to the many requests for an anonymous referral system, we have designed the following: Below are four papers for you to cut out. Secretly place one where the person will find it. This keeps you anonymous, yet the person will have been informed that there is a place s/he can go to seek assistance in solving difficult or last-resort problems.

### About Love Spell Kits and Castings

In most love situations, you will want to choose a combination of kits. In almost all circumstances you will need to start with either Leave My Man or Leave My Woman Alone™. This is to remove anyone or anything that is coming between you and the person you want to be with. Sometimes it is not a person coming between you and your love! It can be negativity, fear of commitment, bad break-ups, outside family influences, etc., etc. No matter what, you must first work to eliminate that obstacle or your love spell work will have little effect. Then you follow up with either Make You Love Me™ or Love Me Again™ and then wrap it all up with No One But Me™ to protect the relationship from future problems. Please see the website for further info. ([www.spellmaker.com/love.htm](http://www.spellmaker.com/love.htm)) Additionally, there is special discounted online pricing when purchasing Mambo Sam's special Elimination-Saturation-Culmination Love Spell trios. These special trios are meant to cover all aspects of a troubled love relationship. We also offer Deluxe Creole Voodoo™ spell kits to use in love situations. However, please note, deluxe kits are ONLY to be used after using at least 2 of the regular Creole Voodoo™ love kits. Please do not order the deluxe kits first - you need to have a foundation of the other kits before doing the deluxes. It is best to check with your caseworker (see below) or call and speak with us before choosing to move on to the deluxe spell kits. Every case is different and we prefer to guide you in this choice. If you are unsure about what to choose, please write to [mycase@spellmaker.com](mailto:mycase@spellmaker.com) and give us the details of your situation. A free confidential caseworker will be assigned to your case and give you a detailed analysis of what will work best for you. (Email only!)

Please order each item by number, name, quantity, and cost. Shipping is free in the USA. International, please call for shipping costs if ordering by mail. All major credit cards accepted.

### NEWS, NEWS, NEWS!!!!

The 2010 Spellmaker Voodoo Conference will be an ONLINE VIDEO CONFERENCE which means you can attend from the privacy of your own home on your own computer! This is going to be an exciting, interactive, informative, and fun conference! Please join us!

All the information is at: <http://www.spellmaker.com/VoodooConvention/AVC2010REG.htm>

We know that you probably have a lot of questions that you would like to ask! We have an extensive FAQ page on our website at: [www.spellmaker.com/qanda.htm](http://www.spellmaker.com/qanda.htm) We encourage you to please read all the information on that page! We like for our clients to be well informed and know as much as possible about us. We have included some of our most often-asked questions below.

Q. Is this real? Does this really work?

A. Yes, Voodoo (referred to herein interchangeably as "Voodoo" or "Vodou") is real. It is a religion. It has been practiced as a religion in Haiti for hundreds of years, and was brought to the United States (unfortunately) via slave trade. My particular practice is New Orleans Voodoo. Although we as a family do practice it a religion, this website concentrates on the more Americanized (magickal) purposes of Voodoo. Voodoo, and really all magick, works on the principals of harnessing the forces of nature to work for you. Unfortunately, movies and television have romanticized Voodoo and other magick to the point that the general populace believes that they are going to be "hypnotizing" someone into, for instance, loving them, that they will be their "love slaves", that you are forcing or manipulating, etc., etc. But, really that isn't true at all. One of the major premises of how this (as far as love magick is concerned) works is that it enhances feelings that are already there OR allows the person's mind to be filled with thoughts of you, thereby allowing you a chance to let them see that YOU love them and, therefore, opening up channels of feelings between the two of you. It doesn't "trick" the person into loving you, it allows them to see the truth - that you have a true and honest love for them, and that is what they respond to. Other magickal goals - such as money, luck, etc., work also on the principles of spirituality and working towards the Higher Good.

Q. Can we visit your shop?

A. We do accept visitors by appointment. However, we are not able to accept walk-in customers due to our insurance regulations.

Q. What makes your products different?

A. First of all, we are still a family owned and operated business. Mambo Sam and Parran Matt do most of the packaging of your products! They oversee all aspects of this business. They make all of our oils, herb mixtures, potions, etc., right here in our facility. Each product is consecrated (blessed) in the appropriate way before being sent to you.

Q. How long have you been in business?

A. We are proud to be entering our 15th year in business on the internet in 2010. Mambo Sam has been practicing professionally much longer and began training with her family at the age of 13.

Q. Can I speak with someone?

A. Yes, absolutely. Please leave a message at 505-962-2525 and someone will return your call. We are only able to return calls in the US and Canada. All others please email [office@spellmaker.com](mailto:office@spellmaker.com)

Q. Are there any special benefits for your customers?

A. Absolutely! We offer Return Customer Discount Shopping, Blogs, a Spellmaker Forum, Free Confidential Caseworkers, Newsletter, and much more. Complete information comes to you in your order confirmation and package literature! We feel we offer the most family-oriented, community-spirited company of our kind!

Q. Can I get help if I am confused when choosing or using your products?

A. Yes, of course! Please write to [mycase@spellmaker.com](mailto:mycase@spellmaker.com) if you need choice help.

Our authentic, hand-painted dolls are based on ancient rituals of New Orleans Voodoo. Voodoo Dolls are not evil, and they are not necessarily as portrayed in the movies! True voodoo dolls are used to convey messages, persuade, and effect changes in the lives of others or even in yourself. When voodoo dolls are crafted and consecrated properly, they become powerful tools to help you accomplish many different things. Voodoo dolls can be used to convey messages of love and desire to someone or can be used as revenge for someone who has truly harmed you through no fault of your own. When you use our voodoo dolls, you tap into the power with which Mambo Sam has saturated them. Each doll is made of pure muslin and painted with the authentic magickal symbols of our New Orleans Voodoo family. Deluxe Voodoo Doll kits are the strongest and should be used for the most difficult situations. The regular voodoo doll kits are best for situations where you need just

some extra help or for working on situations where you want to work solely on yourself. (Such as luck dolls, self-improvement dolls, etc.) The kits contain the doll, candles, herbs, incense, magick symbol, voodoo oil, and everything you need to complete the ritual including complete instructions. The dolls can be used over and over! When you run out of supplies, simply order a replacement pack (page 21) and continue to use the doll until you have accomplished your goal.

We are very excited to now offer you genuine voodoo sex magick! However, if you are looking for a spell to force or hypnotize someone into having sex with you, this isn't it! It is immature and immoral to even consider using sex magick to force someone into have sex with you. However, if you are a mature adult looking to enhance or encourage a sexual relationship, or even to make yourself more sexually desirable, then you should read on! Please be aware that sex magick does not replace love spell magick. While sex is, obviously, an important part of a loving relationship, sex magick will enhance, but not replace love spell magick. There are two different types of sex magick that we are using: Red Sex Magick and Black Sex Magick. The Red Sex Magick is used to enhance, encourage, or

stimulate a sexual relationship with someone you are with or want to be with. The Black Sex Magick items candles are used for revenge or breaking up the sexual relationship of others. Obviously, this should be used wisely. We suggest that everyone read the information at [www.spellmaker.com/sexmagick.htm](http://www.spellmaker.com/sexmagick.htm) before deciding whether or not using sex magick is for you.

### ⚠ Should You be Doing Revenge Work? ⚠

We are often asked if people should be doing revenge work? This question is answered in detail at [www.spellmaker.com/revenge.htm](http://www.spellmaker.com/revenge.htm), however, there are many valid reasons for doing revenge work. The one key to doing revenge spell work properly is to be sure that you have been harmed through no fault of your own. Additionally, you want to make sure that you are only asking for that person to be harmed ONLY as much as you were, not more! It isn't fair or appropriate to ask for them to be hurt more than you were. For many people, a good dose of their own medicine can serve many purposes! You may be doing others a favor by teaching this person a lesson so they don't continue to harm others! Sometimes a person might not warrant such a big kit as above. Please note that throughout the catalog we have other items such as revenge dolls, black candles, and other things that might be better if the person hasn't done you a huge harm! Ultimately it isn't so much what you use, but how you use it! Making sure that you are justified is the cornerstone of successful revenge magick.

"Don't get mad, get even."
